

Southampton Parent Carer Forum

Review and Updates

June 2026

Welcome to this month's Southampton Parent Carer Forum Review and Updates

As we head into half term and the warmer weather arrives, we know many SEND families may be feeling a mixture of excitement, exhaustion, and anxiety about the weeks ahead. Changes to routine, managing the heat, and supporting children and young people through transitions can bring additional challenges for families.

This month's newsletter includes upcoming events, transition support, SEND reforms, local activities, and opportunities to have your voice heard through co-production. We continue working closely with local services and decision-makers to ensure lived experience remains at the heart of future improvements across education, health, and social care.

As always, thank you for continuing to share your experiences, feedback, and ideas with us. Your voice plays a vital role in helping shape positive change for SEND families across Southampton.

Key Updates

- You can now text or whats app the forum on 07354 940 838
- Transport deadline for post 16 applications and exceptional circumstances forms is approaching. Deadline is 31st May.

Meeting in the Spotlight - EBSA Support

Southampton Parent Carer Forum has recently been working alongside local partners on the development of the EBSA (Emotionally Based School Avoidance) pathway. As part of this work, we held two face-to-face workshops, one online session, and gathered additional feedback through emails and social media.

Families shared honest experiences around school anxiety, transitions, support gaps, and the wider impact EBSA can have on children, young people, and families. We are incredibly grateful to everyone who took the time to contribute and help shape this important work.

A summary report is now available on our website, with more work planned in this area over the coming months.

Key Dates - More info on the following page

Tuesday 2nd June - 10-12 Transition workshop with the ND team followed by a summer survival event 11-2pm with various providers.

Thursday 28th June - 4 to 7pm Transition event with secondary schools and colleges.

SEND Reforms

Southampton Parent Carer Forum has continued working closely with the Local Authority around the developing the local SEND Reform proposals and draft submission. We have been involved in ongoing discussions to help ensure the lived experiences and priorities of families remain central to the proposals before the final submission deadline on 19th June.

As part of this work, we also have an upcoming workshop with Local Authority staff to hear directly from families about their experiences, concerns, and priorities for the future of SEND services in Southampton. This is an important opportunity to ensure family voice helps shape future planning and local delivery as the reforms continue to develop.

SEND REFORMS – HAVE YOUR VOICE HEARD

We are inviting parent carers and professionals to join us for an upcoming SEND Reforms Workshop in partnership with Southampton City Council staff. This workshop is an opportunity to hear directly from the senior SEND team about the proposed local area response plan to the SEND Reforms. Families will be able to discuss their experiences of SEND support in Southampton, discuss the proposed reforms, and help shape what happens next.

Your voice matters and will help influence how services develop over the coming years.

TOGETHER WE WILL:

- ✓ HEAR FAMILY EXPERIENCES & FEEDBACK
- ✓ IDENTIFY WHAT IS WORKING WELL
- ✓ EXPLORE IDEAS FOR IMPROVING SUPPORT
- ✓ HELP SHAPE FUTURE SEND SERVICES THROUGH CO PRODUCTION

**MON
8th
JUNE**

Noon to 2.00pm

HARBOUR LIGHTS PICTURE
HOUSE, MARITIME WALK,
SOUTHAMPTON SO14 3TL

Below is a summary of the current draft submission. Please note that this may change following feedback from the Department for Education (DfE) before the final version is submitted.

Understanding the SEND Reforms

Building a better future, together.

The SEND reforms are all about making sure children and young people with Special Educational Needs and Disabilities (SEND) get the right support, at the right time, in the right way.

Over the next three years, the local area partnership will focus on three overarching goals:

1 Improve long-term life opportunities for children and young people with SEND

We want every child and young person with SEND to have the best possible start in life, do well in education, enjoy good health, build friendships and skills, and achieve their goals.

More opportunities. Brighter futures.

2 Increase confidence and trust in the SEND system

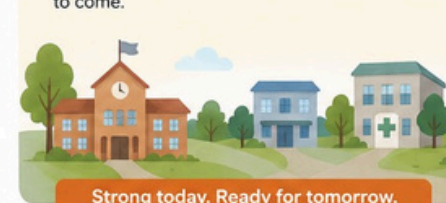

We will listen to families and children, be clear and honest, and work together in a respectful and inclusive way so that you feel heard, valued and supported.

Listening. Working together. Building trust.

3 Build a SEND system that is sustainable and reliable, so children's needs are supported well over time

We will strengthen local services, make the best use of our resources, and plan for the future so that support is there when children and families need it, now and in the years to come.

Strong today. Ready for tomorrow.

These goals will only be achieved together. Families, children and young people, schools, health services, local services and the community – working together for a SEND system that works for everyone.
